

18 December 2013

Optimum Learning Technologies has a long standing relationship with Libstar and is a preferred provider of supply chain and operations training to the Libstar operations. We have collaborated with them to provide a package of training programmes specifically suited to our needs and corporate culture. We have interrogated programme content, influenced it in some cases and are confident that it adds value to the Libstar operations.

The specific programmes below are supported by Libstar:

LEARNERSHIPS

Target Group	Learnership
Senior Managers in Manufacturing & the Supply Chain	NQF 6 National Diploma: Supply Chain Management
Production Managers	NQF 5 Manufacturing Management
