6 August 2012

Dear Sir or Madam

REFERENCE FOR OPTIMUM LEARNING TECHNOLOGIES

Rhodes Food Group has collaborated with Optimum Learning Technologies in the delivery and assessment of learnerships and skills programmes for 6 years.

They are a great training provider. They have been able to customise programmes to meet our specific needs, their facilitators are top class, and their project management is superb.

We expect our constructive relationship to continue indefinitely

Please don't hesitate to contact me should you require any further information.

Yours sincerely
