Dear Mike,

This is to confirm that SABMiller Africa has been conducting business with Optimum Learning Technologies since 2009. Optimum Learning Technologies has partnered with SABMiller Africa to develop as well as deliver a number of programmes across our African markets. This includes (but is not limited to) some of the following key programmes:

- Certificate in Packaging
- Diploma in Packaging
- Distribution Academy
- Finance Academy

We have found Optimum Learning Technologies to be a professional and value adding partner, and have enjoyed a long and mutually beneficial relationship. I would be happy to provide a verbal reference.

Kind regards

**Alex Joseph**
